PROFILE

Motivated BS student in Electronic Systems at IIT Madras with a strong interest in programming, electronics, and computer systems. I have built foundational skills in C, C++, Git, and GitHub and am focused on developing practical technical abilities, solving problems, and creating useful projects. My long-term goal is to build a strong career and contribute meaningfully to my family, institution, and country.

EDUCATION

BS in Electronic Systems	IIT Madras Currently pursuing
Class 12 — PCM	Jamshedpur Cooperative College 63%
Class 10	State Board Secondary School 90%

TECHNICAL SKILLS

Programming	C, C++
Version Control	Git, GitHub fundamentals
Development	VS Code, Command-line basics
Core Interests	Problem solving, electronics, computer systems

CAREER OBJECTIVE

To strengthen my technical foundation through academics, projects, internships, and continuous learning, while developing solutions that create practical value. I aim to build a successful career that enables me to support my parents and contribute to the growth of my institution and the country.

STRENGTHS

• Determined learner • Consistent self-improvement • Problem-solving mindset • Willingness to learn new technologies

PERSONAL STATEMENT

My academic journey has taught me resilience. After an unexpected Class 12 result, I chose to restart with a clear purpose and pursue higher education at IIT Madras. I now want to use every opportunity to learn, improve, and turn my skills into meaningful work.
